

# Paper Spec

## REEL STOCKS

Maximum number of mill joins per reel:	One
Maximum outside diameter:	1200mm
Maximum weight per reel:	1250kg
Cores:	76mm strawboard

Deliveries of reels will be made on end (chimney stacked, not brick stacked), on a curtain sided vehicle, and subject to 24 hours notice of arrival being advised to the Paper Coordinator.

All reels to have suitable labels giving weight and number of reel, grammage and reel width clearly marked.

All reels to be suitably wrapped with weather proof material.

Reels will be accepted on the basis of outward wrapper appearance. Cores will be checked upon delivery to the press where upon Acorn Web Offset Ltd reserve the right of complaint.

## SHEETFED STOCKS

Stocks will be received on pallets in either bulk or ream wrapped, suitably protected against weather conditions.

Bulk packed stock to carry tabs for accountancy purposes. All stock to be clearly labelled giving grammage, size and quantity.

Deliveries should be made on a curtain sided vehicle or tail-lift and subject to 24 hours notice of arrival being advised to the Paper Co-ordinator.
